News from the Division Superintendent - by Ray Howard

News from the LSD "Super"

Hopefully by the time you read this we will have left the minus degrees Fahrenheit stuff behind but will have plenty of winter left to get all those Model Railroading projects done!

The Lakeshores Division has a great trio of activities lined up for you folks who are interested in operations. Ned Spiller, Leo Adamski. And Ron Stacy will open their layouts to our membership to have some fun and learn more about operations on model railroads. Details are later in this issue. The numbers of people that can be accommodated at each event is limited, so get your name on the list early. By the way, our neighbors to the East (CNY Division) are holding a major Operations Weekend in April. Our membership is invited to participate. Details are found later in this issue.

Speaking of Model Railroad projects.... As you finish up that special scratch built structure, or new layout section, or create some spectacular scenery, or any other project for the layout, how about taking some photos and writing a few paragraphs about what you did and how? Then send it to Dick Senges to publish in our newsletter. One of the purposes of the NMRA is to help each other and make the hobby more fun. I know that others can learn from the projects that **you** do! Remember to share with us. I know that our editor would be pleased to have material to use in the LSL too. You also can earn some points toward the AP Author certificate as well.

Put the date of Saturday March 22nd on your calendar! That is the day of our Spring Meet. This one will be held at RIT and should be a fun day for all of us! More news about it will be in the next newsletter!
